

# MATHEW CLARK

Integrative thinker.

## Who I am.

I am a sun-soaked Southern California native. I was raised from an ambitious, glass-half-full perspective from the start. Career-focused, driven by a fascination of observing the dynamics between people and the important things which affect their day-to-day lives. My interest lies in improving people's interaction with said things and offering the best solutions to their overall experience.

## Aptitudes.

### Special Skills.

Understanding consumer insights.  
Development & ideation.  
Finalized functional prototyping.  
Research methods.  
User product interactions.  
Product milestone forecasting.  
Strong passion for all things tech.  
Current market trends.  
Strong team player.  
Efficient & resourceful.  
Looking at one thing, seeing another.  
High mechanical understanding.  
Innovative.

### Software.

Adobe Creative Suite.  
KeyShot rendering.  
Solidworks.  
Rhinceros.  
Microsoft Server.

### Awards & Certifications.

CES 2015 Innovation Award Honoree.  
Stratasy's Object Training.

### Patents.

Container with separable components:  
#US20160001918A1

### Hobbies.

Technology, Star Trek, Sci-Fi & Space,  
Jazz Music, Mechanical Engineering,  
Hot Rod building, Transportation, Pocket-  
Watch Restoration, World History,  
Traveling, and Cooking.
